- **Material Prices do not include tax.**
- **Fuel Surcharge:** The Fuel Surcharge will be calculated using the EIA Rocky Mtn. PADD4 for the week of January 5th, 2026 as described below.

All listed prices are subject to a fuel surcharge based on diesel fuel costs as published by the U.S. Energy Information Administration (EIA) Weekly Retail On-Highway Diesel Prices for the Rocky Mountain Region (PADD 4). The base fuel price is \$3.22 per gallon. Prices shall be adjusted at a rate of **\$0.015 per ton** for each \$0.10 per gallon increase or decrease in the EIA PADD 4 diesel index from the base fuel price. Fuel surcharge adjustments shall be calculated using the most recently published EIA index and shall apply to all materials sold and delivered. <https://www.eia.gov/petroleum/gasdiesel/> (Rocky Mtn PADD4)
